

# Off the Market

For every home you help take off the market, you will be supporting Habitat for Humanity, The Heart of Wyoming's mission to ensure everyone in Natrona County has a safe, affordable place to call home.

All funds raised through the campaign will directly support housing for local families.

## HOW IT WORKS

Your real estate team will select a month to participate in the campaign and the amount you would like to pledge for every house you sell during that month. For example, if five homes are sold during your selected month and your donation per home is \$50, your generous donation to Habitat for Humanity, The Heart of Wyoming would be \$250.

## HOW WE WILL CELEBRATE

Your support makes a difference for those we serve, and it is our honor to recognize your work. Community recognition will include:

- Being featured on the The Heart of Wyoming's website and social media platforms
- Being provided with a customized Facebook cover photo and social media graphics
- The opportunity for your signage to be displayed at the Harris Crossing Subdivision
- The opportunity to host a check presentation with The Heart of Wyoming and our homeowners
